Description: Canadian Shield Resources Inc. (CSR) is a mineral exploration company that employs the expertise of well-experienced entrepreneurs, geologists and geochemists to uncover gold and copper deposits. The Company is currently actively exploring for gold and copper in Peru and assessing new opportunities. The Company's subsidiary, Gallant Minerals Peru, holds licenses for four different gold and gold-copper properties (13,294 hectares) in Peru, which are all high priority exploration projects. More than \$3.5 million has been invested in Gallant Minerals Peru since 1999. The CSP Discovery Gold Zone at the Humajala Gold Property, as announced in October 2005, is the first of Canadian Shield's successes in Peru.
